

## **Letter from the Preschool Director**

Spanish River Christian School believes that children are a gift from God. At SRCS children are challenged to grow daily through hands-on, age appropriate activities.

Our purpose is to provide children with a quality education where Christian truth and values permeate all areas of instruction. Our students begin each day with prayer and devotion, attend weekly chapel services, memorize Scripture, and learn Bible songs

Throughout the Preschool Program, children will learn from developmentally appropriate, challenging activities. These include Circle Time, Large Group Time, Daily Learning Centers, Science Projects, Spanish, Music, Cooking, Computer Lab, Gardening, Library, Gym, and Bible. Our core curriculum is listed on our website.

All classes are equipped with cutting edge technology including Polyvision boards, classroom computers and Ladibug document viewers. A digital portfolio is maintained for each student and tracks their activities on our touch sensitive Polyvision board - patterning, letter recognition, auditory learning skills and storytelling. When assessing the students they wear headphones with a microphone so we are able to record what they are saying along with any activity on the board. Preschool students are engaged in Digital Storytelling projects and skyping with other classes around the world using EPals.

SRCS is a private school that begins at 3 years old and continues through 8th grade. Many of our graduates started their education with the Preschool Program. SRCS was established in 1982 as a ministry of Spanish River Church, and has grown into a school of approximately 600 students. ***Our mission is to educate the whole child spiritually, socially, and academically under the Lordship of Jesus Christ.***

SRCS seeks to provide a partnership with parents that would strengthen and encourage families. We value and encourage family involvement and have many volunteer opportunities available throughout the year. We pray for our families daily and ask that our families also pray for us.

From our family to yours, welcome to Spanish River Christian School.

**Mrs. Jenny Ferrin**
